

Laura Timmons, a Create Your Style with SWAROVSKI ELEMENTS Ambassador, travels the world internationally teaching her unique creations. Teaching in faraway places such as Bangkok, Toronto, or her own backyard, Laura incorporates both her love of people and her love for the industry. Laura has combined her design efforts with JHB International, the leading button manufacturer for oodles of luscious kits combining buttons and Swarovski Elements, which you can find on their website, www.buttons.com, or www.amazon.com. Feeding her love to write, she is the Fashion Editor for *Bead Design Studio* magazine: your 911 to the “Fashion 411”, and you can find a Swarovski Elements sponsored design in

each issue as well. Many of Laura’s designs have been in several other trade publications throughout the industry. Teaching on many previous cruises with Lisa Pavelka as the Crystal Chix, Laura was a teacher on the first ever Swarovski Elements Cruise in November 2009, and the April 2011 cruise. Laura has featured her designs on *Beads, Baubles, and Jewels*, and *Jewelry TV*. Her most exciting adventure yet: she is collaborating with *Crafting for a Cure*, creating a line of jewelry for both retail and wholesale for this wonderful cause. Visit www.vintagemoon.net for more information.
